Claim Rejections - 35 USC § 112

Claims 1-11 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the enablement requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to enable one skilled in the art to which it pertains, or with which it is most nearly connected, to make and/or use the invention.

As disclosed, the embodiment of Figs. 5 and 6 is not differentiated from the embodiment of Figs. 1-4. However, the tape 18 and the tape housing 118 is not shown or disclosed as being part of Figs. 1-4.

Specification

The disclosure is objected to because of the following informalities: elements 18B and 18C do not appear in the specific but are present in Fig. 3A.

Appropriate correction is required.

Drawings

The drawings are objected to because Fig. 7 is disclosed as similar to Figs. 5 and 6. However the tape and tape housing are not shown. Corrected drawing sheets in compliance with 37 CFR 1.121(d) are required in reply to the Office action to avoid abandonment of the application. Any amended replacement drawing sheet should include all of the figures appearing on the immediate prior version of the sheet, even if only one figure is being amended. The figure or figure number of an amended drawing should not be labeled as "amended." If a drawing figure is to be canceled, the appropriate figure must be removed from the replacement sheet, and where necessary, the remaining

Art Unit: 3634

figures must be renumbered and appropriate changes made to the brief description of the several views of the drawings for consistency. Additional replacement sheets may be necessary to show the renumbering of the remaining figures. The replacement sheet(s) should be labeled "Replacement Sheet" in the page header (as per 37 CFR 1.84(c)) so as not to obstruct any portion of the drawing figures. If the changes are not accepted by the examiner, the applicant will be notified and informed of any required corrective action in the next Office action. The objection to the drawings will not be held in abeyance.
